Berks

Timing Start

START

Temple Island

Crews 1 - 5, in single file on the BERKS bank, should proceed to the start under instruction from the Start Marshals.

Crews 6 - End, in single file on the BUCKS bank, as close to the bank as safe and practicable, will be instructed by the marshals on that bank to proceed to the Turning Area. Crews must be **READY TO RACE** before turning to the Berks bank as they will not be allowed to stop once they have turned.

Any crew arriving late at the start must await instructions from the Marshals. They must not join the race unless instructed to do so.
